### ABOUT ME

I'm a frontend developer, but a creative & learner at heart. I engage in multiple fields of art constantly & ambitiously to reach new levels of expertise. When it comes to web development, I prioritize a seamlessly functional software with a clean look. I earnestly work to deliver a good project.

### EXPERIENCE

#### 2-3 Years Javascript & Frontend Web Development

Strong experience developing fully featured applications. Working with api's, algorithms, & creating UI. Freelance Experience (Blog Site for Local Health Product Vendor).

#### Character Illustrator for (in progress) Childrens Book

5 years+ visual art experience. Illustrator for a Children's Book soon to release, Beatrice & The Hippo.
